Contents

What's New in cs.portfolios 15.2.0?

1.1 Internationalization

CONTACT Elements 15 and its applications contain many newly translated and updated terms. The following paragraphs list all affected elements in this application, while details concerning the actual conversion (called "internationalization" for simplicity) can be found in each product's release notes.

1.1.1 Internationalized Classes

These classes had their `name` attributes internationalized:

- Portfolio (`cdb_portfolio`)
- Portfolio Category (`cdb_portfolio_category`)
- Portfolio Folder (`cdb_portfolio_folder`)

1.1.2 Translated Status Names

Status names have been internationalized for the classes:

- Portfolio (`cdb_portfolio`)
- Portfolio Folder (`cdb_portfolio_folder`)
